

The First Name in Turf Renovation™

LAWNNAIRE® IV

Whether you're a rental house, small lawn care contractor or homeowner, the Lawnnaire IV has an application to suit your needs.

This drum-style, self-propelled, high-speed precision turf aerator combines performance, durability and ease of use. Commercial-grade components like a solid steel axle and hardened alloy steel coring tines ensure years of reliable performance in even the most rigorous environments. User-friendly features like the easy-to-operate, handle-mounted throttle and vibration-reducing grips make operation easy and comfortable. Thirty tines spread over a 19-inch swath offer a productive aeration rate of nearly 29,000 square feet per hour.
