

The First Name in Turf Renovation™

LAWNNAIRE® TOW-BEHIND AERATOR

This versatile tow-behind aerator is ideal for any mid-sized turf area of one to five acres.

With a 36-inch swath, the Lawnaire® Tow-Behind can aerate one and a half to two acres per hour, quickly and effortlessly. Lifting and lowering the tines is also easy with manual, hydraulic and electric lift options. Choose from coring, spooning or slicing tines for customized aeration according to your needs. All tines aerate to a depth of four inches and are constructed of hardened alloy steel. For added durability and reduced maintenance, this rugged machine has cast iron tine wheels with sintered bushings and lubrication fittings. The independently mounted tine wheels allow turning while the tines are in the ground, setting a new standard in efficiency.

SPECIFICATIONS

UNIT

Frame	1.5 in. (38 mm) sq x 0.1875 in. (5 mm) wall tube
Hitch	Clevis and pin type
Axle: Aerating Wheel	1.25 in. (32 mm) diameter
Axle: Transport Wheel	0.75 in. (19 mm) diameter
Aerating Wheels	Cast iron with sintered bushing; pressure lubrication fitting; grooved for mounting aerating tines on both sides; each wheel weighs 75 lb (34 kg)
Tines	.8 per wheel (48 total); one set 0.75 in. (19 mm) diameter coring tines standard, optional 0.5 in. (13 mm) diameter coring, 7.5 in. (191 mm) slicing or 6 in. (152 mm) open-spoon; tines are formed from hardened alloy steel; wheels can be mounted with double tines, 16 per wheel (96 total)
Coring Depth	Up to 4 in. (102 mm)
Aerating Width	36 in. (914 mm)
Aeration Pattern	6 in. x 6 in. (152 mm x 152 mm) with single tines; 3 in. x 3 in. (76 mm x 76 mm) with double tines
Holes per Sq Ft	Up to 9 with single tines; up to 18 with double tines
Productivity	1.5 acres/hr (0.6 ha/hr) at 4 mph (6 km/hr)
Towing Speed	10 mph (16 km/hr) max
Transport Lift	Wheels are pivotable about extended axle shaft using removable lever or 700 psi hydraulic lift
Transport Tires	4.10/3.50-4, 2-ply semi-pneumatic tires with ball bearings
Options	Hydraulic, electric or manual lift

DIMENSIONS

Weight	500 lb (227 kg)
Width	.46 in. (1,168 mm)
Length	68.5 in. (1,740 mm)
Height	31 in. (787 mm)

Specifications subject to change without notice.

TINES

- 515197 Tine, Coring 3/4" (19mm), Back Discharge, Thick Wall
- 515196 Tine, Coring 1/2" (13mm), Back Discharge, Thick Wall
- 520404 Tine, Spoon

KNIVES

- 521155 Deep Slicing Knife
- 515193 Shallow Slicing Knife

A variety of available lifting mechanisms allow you to easily lift and lower your aerating unit.

For maximized productivity, independently mounted tine wheels let you make turns while the tines are in the ground.
